

Five Little Turkeys

by Jolanda Garcia

Five little turkeys
That I once knew
Fat turkeys, skinny turkeys,
And short turkeys too.

But the one little turkey
With the loudest gobble,
He led the others with a
gobble-gobble, wobble-wobble.

See them walk with a wobble, wobble
Hear them talk with a gobble, gobble

One little turkey ruffled his feather into a ball
And fell asleep still standing tall.

Four little turkeys, three, two, . . .

One little turkey thought -- I better run away.
Soon it will be Thanksgiving Day!
